Checkpoint

Print the Checkpoint Label yourself, or make your checkpoint tamper-proof with our 'Checkpoint Smart'! It offers the same functionalities as the Checkpoint Label, but the code changes every 24 hours, providing added security.

- No internet, no Wi-Fi required
- Customizable label design
- Easily self-print (waterproof, wipe-resistant film)
- Performance and interval control via CMN portal
- Automatic notification to service staff Incident reporting
- Material consumption documentation
- QR code also usable for time tracking and quality control
- Service recording using the free CMN app.
