The Portal

Our portal is unlimited for users

User-Profiles:

- Manager
- Object Manager
- Customers
- · Customer Objectcontroller

Managing data of:

- Objects
- Units
- Service Staff
- Services
- Configuration Templates
- Object Portfolio

Comprehensive evaluation with a personal HIT LIST possible.

Automatic dispatch of reporting with Report Designer.

 \bigcirc

CMN APP

- Different roles and permissions:
 - Service Staff
 - Service Staff PLUS
 - Object Manager
 - Super Service Staff PLUS
- Can be used with 4G or WLAN
- Easy invitation of service staff through the portal
- Service staff can only access assigned "Units"
- Features available to service staff:
 - Current service list
 - Object check-in and check-out
 - Navigation to the object
 - Service documentation
 - Download and upload of digital object portfolio
 - Object chat
 - Push notifications for service requests or reminders
 - Report incidents with photos
 - Material consumption tracking
 - Quality control checks
 - Navigation to the object.
